**RE:** Termination of the Mathematics Secondary Education Master's Program

At its meeting on December 3, 2024, the Council on Graduate Studies (CGS) approved the termination of the Master of Arts in Mathematics Secondary Education program.

As noted in the materials provided to CGS in consideration of this decision, the Mathematics Secondary Education Master's Program will conduct a teach out so that any currently enrolled student who wished to complete their degree may do so within six semesters. No new students will be admitted to the program.
