Dr. Robert Chesnut, Dean, Graduate School  
Dr. Jeffrey R. Stowell, Department of Psychology

**FROM:** Alexis Jones, Chair, Council on Graduate Studies

**DATE:** February 25, 2025

**RE:** Program Elimination of the PSM Degree in Geographic Information Sciences

At its meeting on February 25, 2025, the Council on Graduate Studies (CGS) approved the termination of the PSM Degree in Geographic Information Sciences program. No faculty lines will be affected by termination of the program.

As noted in the materials provided to CGS in consideration of this decision, the program will no longer admit students and will conduct a teach out so that any currently enrolled student who wishes to complete their degree may do so through spring semester 2026.
