Sample 4-year Plans

➤ You can choose your program of study.

The B.S. in Career and Technical Education - Business Education leads to teacher licensure in grades 5-12. Graduates can teach in middle schools, junior high schools, and high schools. Graduates are prepared to teach topics that help build student skills in areas such as communications, information systems/technology, digital literacy, financial procedures, economics, entrepreneurship, international business, principles of management and law, interpersonal and leadership skills, career development, and marketing.

The B.S. in Career and Technical Education - Family and Consumer Sciences Education leads to teacher licensure in grades 5-12. Graduates can teach in middle schools, junior high schools, and high schools. Graduates are prepared to teach courses such as Family and Career Relationships, Nutrition and Culinary Arts, Child Development, Parenting, Textiles and Design, Family Resource and Management Planning, Culinary Occupations, Introduction to FCS Careers, Fashion Merchandising, and Cooperative Education.

The B.S. in Career and Technical Education - Technology Education leads to teacher licensure in grades 5-12. Graduates can teach in middle schools, junior high schools, and high schools. Technology education incorporates collaborative, application-oriented, activity-based strategies used to develop creative thinking skills while solving real-world problems.
