##### **a. College Curriculum Committee Meeting Minutes:**

1. Minutes from the November 13, 2006 College of Education & Professional Studies Curriculum Committee meeting.

**b. Response to the Question Regarding the 11/6/06 COS Executive Action Request**

1. November 17, 2006 and November 20, 2006 e-mails from Ms. Barb Kuykendall, COS, and Dr. Richard Wandling, Chair of the Political Science Department. The e-mails included rationales for the 11/6/06 executive action request to remove the credit/no credit designation from PLS 2513.

*Mr. Feimer commented that he didn't think removing the credit/no credit designation from the course would be in the best interest of students and faculty. The research he has read shows that assigning grades to courses takes the focus away from student learning and instead focuses on grades. Dr. Roszkowski explained the nature of the course and requested that Mr. Feimer's comments be noted in the minutes.*

### (BS in Business) Major

---

A dynamic, rewarding, and highly respected profession, accountancy operates at the heart of business decision-making and financial information services. In addition to providing services in the traditional areas of preparation and analysis of financial statements, auditing, and tax planning and compliance, accountants serve as valuable members of management teams, as highly respected consultants to top management, and as trusted advisers to professionals, business owners, and government leaders. For a person who wants to have a successful career in business, a degree in accounting is an excellent choice.

#### Accounting Program's Mission Statement

---

The mission of the accountancy program at Eastern Illinois University is to prepare students for successful careers in accountancy and related business fields by providing them with an affordable, high-quality education.

#### Admission Requirements

Students who seek to major in accounting must satisfy the requirements for admission to the School of Business. Students with the GPA of 2.75 or higher at the time of admission to the School of Business will be admitted to the accounting program.

**Admission by Exception:** A student with a GPA lower than 2.75 at the time of admission to the School of Business may apply for admission to the accounting major by exception. A committee of faculty will review the student's academic records and other relevant information submitted by the student. The committee may also interview the student. The committee may approve the student's application subject to certain performance standards, as prescribed by the committee. The committee will communicate its decision to the Chair of the School of Business, and will monitor the student's progress in meeting the performance standards. If the student fails to meet the performance standards, the student will be dismissed from the accounting program.

**Continuation Requirement:** A student majoring in accounting must maintain a cumulative EIU GPA of 2.50 or higher in order to enroll in senior-level (4000-level) accounting courses.

**Important Notice:** Candidates who wish to sit for the Certified Public Accountant (CPA) Examination in Illinois are required to have earned 150 hours of college credit, including an undergraduate degree. Of the 150 hours, at least 24 hours must be in accounting. Courses that are in progress cannot be counted to meet the 150-hour requirement.
