Question:

My name is Michael Fowler and I am requesting the financial audit report for EIU for the year ending in 2011 for Bloomberg Financial Markets. If 2011 is not completed, would you have an estimated date? We are trying to complete our records with annual financial information for municipalities, districts, authorities, and government-run corporations throughout the country who have issued municipal debt and well as any obligors responsible for payment of this debt. If a formal request letter is required, please respond.

Thank you and have a great day!

Michael Fowler- Bloomberg Municipal Bond Group
Email:
