2019 IMPACT GRANTS

The purpose of the Impact Grants is to support faculty who engage in high impact mentoring practices. High impact practices include, but are not limited to, projects intended to result in publications with student co-authors, partnerships with local community organizations or schools, public displays of research and/or new creative works, and other projects that lead to external recognition of EIU.

These grants are more limited in scope than are grants from the Council for Faculty Research (CFR). Student Impact Grants must be used to support both students and faculty members. Up to ten awards will be funded for \$1,500 each.

Full time faculty (Unit A or B) who will be mentoring at least one undergraduate or graduate student during the 2019 - 2020 academic year are eligible. Eligibility is biennial, i.e., no one is eligible for two consecutive years.
