The webpage will be updated with a link to the sample syllabus, as well as a link to the machform allowing others who are holding related events, to share those events with us so we can help in promoting those events.

Members shared needed edits and suggestions for the newsletter submission and the sample syllabus. Jeannie Ludlow noted some grammatical errors and suggested taking out the word "online" at the end of the sample syllabus, when discussing the incident reporting form.

Shawn Peoples suggested putting a reminder in Feb and March's newsletter, about the machform sharing events with the team, so the team can help promote such events.

April Plans/Ideas:

- Alyssa Cravens suggested reaching out to the DEN, to interview a member of the team for an article in April.
- Shawn Peoples suggested looking at NSVRC resources, who are using the theme "Drawing Connections: Prevention Demands Equity" for April.
- Marisol Gamboa mentioned having an officer do a video about truths and myths. Group discussed UPD doing a live feed on Instagram and the team sharing on the team Instagram page.
