

Sexual Violence Prevention Team
Meeting Minutes
October 14, 2019 Casey Room

- I. Attendance: Sami Boomgarden (HERC), Kent Martin (UPD), Amanda Feder (SACIS), Shawn Peoples (OCR), Chloe St. Pierre (CC), and Lindsay Wilson (CC)
- II. Outreach Plans:
 1. SBG: Student Body Government will be doing outreach for mental health and sexual assault awareness according to the DEN. It was agreed that it would be good for Lindsay Wilson to reach out to SBG to gain more understanding of their plans and to encourage connection for future such events.
 2. Consent handouts were provided to housing, CC, and other offices, as well as posted in various places. It was agreed that the consent handout specifically for digital consent would be sent out to the team for feedback and then used for the month of November. Toilet talks would have verbiage to match.
 3. HERC: The herc will be doing tabling the week of homecoming to give information on alcohol use and consent.
- III. Outreach Ideas
 1. Emailed UPD, waiting to hear back to do possible tabling again on safety. SACIS would like to join.
 2. We discussed having a conversation or dialogue with student audience on the new Netflix series "Unbelievable." It was agreed that talking about points in the show, where to report here at EIU, resources available, and how to have such conversations may be good. SACIS agreed to join and it was agreed that creating a flyer for the event and then emailing to various departments may be helpful in student attendance. It was agreed that CC interns would assist in creating questions for dialogue. HERC will check with promotion grad to see if they'd be able to create a flyer. Event is tentatively set for November 13th Buzzard at 6pm.
