

**Department of Theatre Arts
Eastern Illinois University
Casting Policy**

Although EIU Theatre Arts Department welcomes all students and community to participate in departmental productions, our priority in casting is:

- Majors/minors/other students
- Upper class/underclass
- Students/community.

These priorities in casting, as well as consideration of our department's mission statement, are intended as a guidepost for difficult casting decisions.

When guest actors are utilized, they are considered as a specific opportunity to support our students' learning and professional collaborative experiences.
